Who is EUSUHM?

EUSUHM is a pan-European union of national organisations concerned with the health and well-being of youngsters. EUSUHM is the main information channel of the European Union for School and University Health and Medicine.

EUSUHM aims to contribute to a healthy, stable and safe life for children and adolescent; specially approaching pre-school, school, and student settings. Our goal is connecting professionals in Child and Youth Health Care to scientific and practice-based research.

What Are The Topics of The Congress?

The conference focuses on the disparities in health and healthcare access among European children and adolescents, taking into account the multiple impacts of the pandemic. It will explore numerous health-related initiatives and programs carried out in learning environments, primarily focusing on educational institutions.
